
TITLE 327 WATER POLLUTION CONTROL DIVISION

IC 13-14-9.5-1.1 NOTICE OF REVIEW OF NONEXPIRING RULES

LSA Document #21-119

This is a notice of rule review as described in [IC 13-14-9.5-1.1](#). Certain rules described in [IC 13-14-9.5-1.1](#) do not expire after seven years. These types of rules are: (1) rules required to receive or maintain delegation, primacy, or approval for implementation or operation of a program established under federal law; and (2) rules required to begin or continue receiving federal funding for implementation or operation of a program.

The Indiana Department of Environmental Management (IDEM) is required to publish a list of these rules that have been effective for seven years and request comment, in a 30 day comment period, on any specific rule that should be reviewed through the regular rulemaking process under [IC 13-14-9](#). IDEM must also notice a public hearing before the Environmental Rules Board (board). IDEM will respond to all comments received during the comment period and provide the comments and responses to the board during the public hearing. The board, after considering the comments, responses, and testimony at the hearing, will direct IDEM on whether additional rulemaking actions must be started to address concerns raised to the board.

[IC 13-14-9.5-1](#) provides that chapter 9.5 does not apply to "a rule that incorporates a federal regulation by reference or adopts under a federal mandate a federal regulation in its entirety without substantive additions." Therefore, those rules are not subject to this notice of review; however, for the reader's information, a list of exempt rules is included in this notice.

IC 13-14-9-4(a)(5) THROUGH IC 13-14-9-4(a)(7) IDENTIFICATION OF RESTRICTIONS AND REQUIREMENTS NOT IMPOSED UNDER FEDERAL LAW

[IC 13-14-9.5-1.1](#) requires this notice to contain the information described under [IC 13-14-9-4\(a\)\(5\)](#) through [IC 13-14-9-4\(a\)\(7\)](#) regarding restrictions and requirements of the listed rules that are not imposed under federal law. No element of the listed rules imposes either a restriction or requirement on persons to whom the rule applies that is not imposed under federal law. The listed rules at:

- (1) [327 IAC 2-1](#) concern water quality standards rules required under the Clean Water Act (CWA);
- (2) [327 IAC 5-2](#) establish the basic NPDES rules required under the CWA;
- (3) [327 IAC 15-2](#), [327 IAC 15-3](#), and [327 IAC 15-4](#) establish rules for the NPDES general permit program under the CWA and approved by U.S. EPA; and
- (4) [327 IAC 15-13](#) and [327 IAC 15-14](#) are permit-by-rule general permits for Storm Water Run-Off Associated with Municipal Separate Storm Sewer System Conveyances and On-Site Residential Sewage Discharging Disposal Systems within the Allen County On-Site Waste Management District, respectively.

The CWA is the authority for water quality standards and NPDES rules. Indiana is a delegated state and, as such, the water quality standards and NPDES rules must meet the requirements of the CWA and have federal approval.

These rules are authorized under [IC 13-18-3-2\(a\)](#) and [IC 13-18-3-11](#).
